MAN

DEAD SEA ACTIVE MINERALS

Dead Sea Active Minerals For Men was developed specifically to meet the needs of masculine skin. This care series combines Dead Sea minerals and innovative substances, responding to the specific needs of men at any age and at any period of their lives.

The Dead Sea is rich in minerals essential for your skin, such as calcium, magnesium, potassium and iron. The minerals promote the natural vitality of the skin and provide it with a youthful, smooth and toned appearance. The active components, specifically created for masculine skin, give a fresh, gentle and non-sticky feeling with a masculine, young and invigorating scent.
